

## IVC WEBSMASTER

### Tasks and profile

#### Tasks to be shared by a group of minimum 3 people:

##### To collect data and information:

- CVI schedules and results to be retrieved from the respective organiser,
- information that is relevant for international vaulters, lungers, coaches, judges, other officials, organisers, sponsors...

##### To process data and information:

- to transfer competition data into the IVC World Vaulting Ranking data base,
- to calculate the IVC World Vaulting Ranking standings,
- to write articles regarding the above mentioned subjects in English.

##### To publish information on the IVC web-site (**Dreamweaver license** required):

- to publish and update CVI schedules and results,
- to publish the above mentioned news,
- to maintain permanent information (such as: IVC World Vaulting Ranking Rules, ...)

#### Profile:

- international active or former vaulter, lunger or coach,
- present on several CVIs every year,
- close contacts with international vaulters of different countries,
- highly motivated and proactive personality, ready to invest energy and time (several hours per week during the season) in retrieving, processing and/or publishing information,
- team player, able to work in coordination with the other 2 (at least) web-masters.

Compensation: no financial compensation available; fun and satisfaction to run the website are the motors to undertake this mission.

Timeline: as soon as possible.
